Mediumship Text

Mary: Hi guides, I was just wondering if you can give us any guidance on the idea of a church? If you have any message for Yeshua or myself this morning?

Spirits: Dear ones, it is with great joy that we connect with you this morning! Indeed the idea of this "church" is exciting – not in as much as you forming an institution or organisation – but because it will cause you both to feel and focus more deeply on your mission, the guiding principles that you wish to convey to others.

We see the church that is in truth being built in **your hearts!** This is the place where the true space is to be built, and all other things external are a reflection and extension of this.

But as with many things, the creation of this external thing will only serve to solidify and heighten these foundations and more, the vast temple, the beautiful structure that is the Love of God as it exists and is reflected in your hearts.

This space already exists within you both and in each of the 14 and creating these works, on earth in humility, is helping you all to uncover the Beauty of God that you are capable of reflecting.

Do not be concerned much for the world and its perceptions of your endeavours – for the outcome, the end results, the most magnificent of these will be each of you and the Great Love you will be capable of displaying and reflecting.

You are each the most humble of servants, the most capable of achieving this great goal of bringing the Truth of God's Great Love and Laws to earth. If you feel inside your heart, you will each connect to this deep longing you have to share these Truths with all of creation! Know that this yearning is what qualifies you the most and if you stay connected to this place inside of you, you will never falter or waver and indeed you cannot fail!

Yeshua, you will lead this mission as you have long done. We will make every effort to guide you, to assist you so that less time need be spent on logistical and mundane issues. You will soon attract assistance in these matters and if you retain the purity of your vision, passion and goals, things will begin to happen seamlessly and effortlessly. Stay true to the integrity of God's Vision, as much as you know it to be, and things will rapidly unfold to ensure the Plan is achieved in its entirety.

We stress again not to concern yourselves with the perceptions of the world or the negativity of others in these early stages. Follow the Truths as you know them and all will become clear, and you will receive further guidance and prompting from us and

those in more loving states as time goes on.

This Vision is a Grand One and Yeshua, you are one who can hold this Vision in your heart with the integrity and strength to see it through to completion.

We do not speak now of the mere 'creation' of a 'church' structure here on earth. This is merely the initial step that will create the impetus for many grander manifestations of the Divine Plan here on earth.

You were all these at the inception of this Plan, and need only to desire to recall it. Many of the 14 lack this desire to recall because of fears and emotional injuries. Yeshua, you are one who has this desire, and this desire will serve you most in the months and years ahead.

Remember your Loving Father and that He is gladdened by your strong heart and your desire for Him. For it is through Him, His Great Wisdom & Love, that we become our truest selves, and achieve our greatest potential. Yeshua, you know this Truth. Seek only to uphold this Truth so that others may see and learn it.

Indeed this is the mission of all of the 14 here on earth – to seek to display to the world this most simple and powerful of all Truths. The Love of the Father is the Greatest Gift we ay ever receive and through this Great Gift all other gifts may be received.

We call you to remember this Truth, for it is written in your souls indelibly, permanently and immovably. It is a beloved part of you - a knowledge so treasured that has brought you all here to earth once again. A Truth so honoured that you have chosen to dedicate your existence to its telling, its sharing, its demonstration. And you have done it with joy – you have chosen this path to be here again on earth our of gratitude to your True Mother, but also as an expression of your passion and hearts desires, a love for all people and a desire to serve them in the expression of God's Love.

We honour you all and encourage you to connect to this desire so much a part of you that it is painful to deny. Many of you have lived in great pain by ignoring this Great Truth – we assure you that remembrance of it will bring you great joy!

We wish you well in your endeavours with the 'church' and remind you that this is only a small part of what is to be achieved.

Each of you must foster that Temple of God that already exists inside your hearts, and this place will lean you well and allow you to become the leaders that you truly are.

We love you all immensely and remind you of the brother-hood and sister-hood that exists between you all. We pray for those of you that are still in great pain in denial of their true soul's desires, and we encourage you all to pray for one another.

With much Love,

Your Celestial brothers and sisters!
