

God's Way Of Love Outline

Overview Of Divine Truth – God's Way Of Love Organisation

Introduction

The Vision

Ever since remembered who I am, I also remembered our vision for the earth
For the past 6 years, have been travelling to help people to develop in love
I have been waiting for the development in love before I could set up an organisation
Wanted the organisation to reflect how things are organised in the spirit world

God's Way Of Love Organisation (GWOL)

In The Spirit World

God is an organized God; everything in the Universe is in supreme balance and order
The most humble people in the best condition of love are given responsibility
Those responsibilities always revolve around the demonstration of Love to others
These leaders in love then help others to reach the same condition
No action is taken out of addiction, every action is purely motivated by Love
No person who is in addiction, or unloving in his or her motivations is given responsibility

Bringing God's Kingdom To Earth

Christians have been praying for centuries for God's Kingdom to be on earth as it is in heaven
This can only happen when:

- There are persons on earth who have a desire to become at-one with God
- Those persons sincerely progress in becoming a demonstration of Love to others
- Eventually those persons become at-one with God, and again God's Kingdom has a foothold
- Once a group of people are in this condition, then God's Kingdom is established
- This is one of the purposes of the 14 souls who have returned as a part of the 2nd Coming

Purpose

The primary purpose is to prepare people who will eventually demonstrate God's Kingdom on Earth
This primary purpose involves helping people;

- To develop in Divine Love to the point of at-onement with God
- To bring Divine Truth to the earth in practical circumstances
- To demonstrate how Divine Truth affects every area of a person's life
- To understand how to put Love into application in every moment of your life

Of course, there are many other purposes of a secondary nature

Practical Considerations

Basic Principle of God's Laws

- Follow man's laws unless they contravene God's Laws
- An issue of love and respect for the community in which we live
- Must meet the current company regulations for the establishment of a non-profit organisation

Constitution

- There must be a constitution that defines the purpose & direction of the organisation
- The constitution should be able to be changed under specific circumstances
- The constitution is basically the company's Laws, the governing document
- The constitution is also a legal document

Membership

- The organisation must have a defined membership
- The membership can be divided into membership classes
- The membership can remove and appoint Directors
- The membership can change the constitution under its terms

Directors

- The Directors have legal responsibility for the organisation
- Directors are appointed by the membership
- Directors are responsible for the implementation of the constitution

Overview Of Divine Truth – God’s Way Of Love Organisation

Our Requirements

When we defined the constitution, we had to:

- Merge the requirements of God, with the requirements of the law of the land
- Bring Divine Love and Divine Truth into the constitution
- Ensure that the organisation would not lose direction while we were alive
- Ensure the direction would not be lost after we leave the earth
- Ensure that unloving people could not manipulate the direction of the organisation

How Managed

The Problems With Many Associated With The Path

- Many attending & listening to our material think they get the material
- But they only ‘get’ the material in their own mind
- It is yet to influence their heart, yet to change their entire life
- Many think they love; but are yet to understand or practice true Love
- Many are arrogant, and in addiction, and yet think they are more developed than others

Our Considerations

- We had to allow those people to learn to change in a different manner
- Rather than presenting more material which most think they already understand
- We had to provide a way in which it could be demonstrated to people they are yet to ‘get’ it
- We must ensure that time is not wasted on management of a membership
- We want to be emotion and action focused, not task oriented or outcome focused

How God’s Way Of Love will be managed

- It will be managed in the same manner as the spirit world is organised
- Only persons in a condition of love & pure desire will be invited to become members
- Only persons in a condition of love & pure desire will be invited to become Directors
- Any member or Director not remaining in this condition will be removed
- No changes can be made to the organisation or its constitution except by:
 - The Founding Members (Jesus & Mary)
 - An Associate Member who is at-one with God
 - Other Members only ensure that the Directors follow the constitution

Learning Centres

Purpose

- Definition of “Public”; any person (human or spirit) who desires to learn about Divine Truth & Love
- To provide to the public a location for learning all about Divine Truth and Divine Love
- To provide to the public a location where their emotions harmonious with Love are allowed
- To provide to the public a location where their emotions disharmonious with Love are addressed
- To join and give to the general community in Love
- The purpose is NOT to create a Divine Love community
- The purpose is NOT to create separation

How Managed

- The centres, under the direction of the GWOL organisation, will be managed by a couple who:
 - Have a pure desire to live harmoniously in Love
 - Have a pure desire to practice the principles of Divine Truth in their life
 - Have a pure desire to demonstrate humility & are able to take direction from Jesus & Mary
 - Have a passion for the purpose of the Learning Centre
 - Have a passion for the location of the Learning Centre
 - Have & are demonstrating natural love in practice in their day to day life
 - Have a strong desire to grow in love with each other, with God, and with others

Proposed Locations

Wilkesdale, Queensland, Australia

- 600 acres of land, ideal location to demonstrate the soul, for a Learning Centre
- 5 current owners of the land at Home Creek No 1 in Wilkesdale (Cushnie) want to donate
- Their purpose is to turn the land into a Learning Centre
- The goals of the organisation have been discussed with them in detail
- They are waiting for the non-profit status of the organisation before the donation
- Work can proceed with their agreement until the land is donated

Overview Of Divine Truth – God’s Way Of Love Organisation

Kentucky, New South Wales, Australia

1000 acres of land, in between Tamworth and Armidale
Again an ideal location to demonstrate the soul, for a Learning Centre
3 persons have approached me and are thinking of donating funds (\$900,000 needed)
The purpose is to turn the land into a Learning Centre
The goals of the organisation have been discussed with them in detail
They are waiting for the non-profit status of the organisation before the donation
Work can proceed with the agreement of the current owners until the land is donated
The current owners own 15,000 acres surrounding the land
The current owners desire their own property to also change in the same manner

Learning Projects

Purpose

To provide projects with practical & loving outcomes that can be used to:
Teach the principles of Divine Truth & Divine Love in application
Expand knowledge and show the extreme potential for development of technology, arts, etc
Demonstrate healing physical environments by the development of Divine Love in the soul
Finding new knowledge, wisdom, & technologies through development of the soul
Identify the emotions in volunteers that are out of harmony with Love
Help people learn how to work towards a common goal in humility

Examples Of Projects

Arts – Providing entertainment, drama, music and art to the community
Flora – Repair of cleared and damaged land, creating eco-systems, plant nursery, planting, etc
Fauna – Construction of habitation for all fauna, including mammals, birds, reptiles, insects, etc
Food – Development of sustainable food production, fruits, vegetables, seeds, nuts etc
Energy – Development of sustainable energy systems currently not used on earth
Land – Management of the land itself, planning for the integration of flora, fauna, food, energy etc
Soil – Management of the soil itself, correcting soil issues with the soul, recovery of damaged soils
Technology – Forms of technology not currently used on earth for all sorts of purposes
Waste – The management of human waste, toxic waste, recovery of waste, recycling etc
Water – The management of water for human consumption, water collection, etc

How Managed

A person with skills of managing people in harmony with Love and Truth will be chosen to:
Supervise the project
Ensure all persons on the project remain in harmony with Love
Ensure all persons on the project are involved and growing
Ensure the project is organised so as to not waste any time of any person

Learning Teams

Purpose

To provide a team environment with persons who have similar passions in order to:
Address the emotional addictions & errors out of harmony with Love in the individual
Help the individual to put Divine Love in practice in their interactions with others
Assist people to learn how to cooperate together in humility
Assist people to let go of the human error based ego
Assist people to work together in Love for a common goal
Action teams must operate harmonious with the principles of the organisation

How Managed

A single person with passion for the subject, a desire to serve, & humility will become a leader:
All leaders must be examples in humility, have the greatest desire to learn
All leaders must have a strong passion and desire for the teams purpose
All leaders must have a strong understanding of the SOUL and be SOUL focused
Leaders must be examples in action, not just words!
Any leader demonstrating resistance to direction will be removed

Overview Of Divine Truth – God’s Way Of Love Organisation

Summary

Action Teams

- Arts – Providing drama, music, art, harmonious with Love to the community at large
- Community – Providing community assistance, relief & demonstrations
- Construction – Providing constructions harmonious with Love
- Development – Development of tools, engineering, fabricaton, etc harmonious with Love
- Environment – Development of the environment & eco-systems harmonious with Love
- Mathematics – Theoretical and applied mathematics, discovery of mathematical Truth
- Science – Theoretical and applied sciences, discovery of scientific Truth
- Soul – As aspects relating to the human soul in harmony with Divine Truth

Service Teams

- Administration – Serving the administration of the organisation
- Event – Managing events, seminars, workshops for the organisation
- Finance – Keeping accounts, records, and finances in tact for the organisation
- Hospitality – Ensuring people working and volunteering are treated hospitably
- Mediumship – Conduit for spirit based information, also helping spirits influencing humans
- Production – Materials, DVD, production of audio, video, internet material
- Public Relations – Keeping the community at large up to date with what is happening
- Records – Documentation, cataloguing, record keeping, data storage
- Safety – Making sure all volunteers work safely, have love of self

Homework

- To look sincerely at your own desires and passions
- Ask yourself: what teams and projects you would like to be involved in
- The information learned at the centre can be used on your own properties
- To examine the property at Wilkesdale QLD AU: ask self – what would you do
- Attend the Learning Team meetings in 2 weeks time at same venue

Conclusion

- We would love everyone possible to be involved in the Learning Centres and Learning Projects
- But participation will need to be harmonious with the principles you have already been taught
- It not happy to follow direction, then please do not come
- Before you make any donation, carefully consider the principles of donating under the constitution
