## Answer

No we don't solicit it, we don't sort of advertise or market ourselves. However we do say quite clearly that if a person wants to donate to us, we give them a mechanism to donate to us, so that we have a way of continually supplying what we do for free. We obviously need people at some point to donate to us; otherwise Mary and I would have to go back to our old jobs. My old job was a computer systems engineer and Mary's old job was an occupational therapist. We have the ability to earn enough money for our life, using those old jobs if we wanted to, but we prefer to keep doing what we do full time, distributing Divine Truth, so we are very dependent on people donating to us freely and also donating to us regularly. We find that most people donate once or twice without thinking that we still need to live on a day-to-day basis, so we really do appreciate, even if it's a small donation, regular small donations. It is a great way for us to continue doing what we're doing.

We don't solicit it because we don't believe that people should be pressured into doing it. However, under the terms of both companies, both the God's Way of Love, which we don't receive income from and also the Divine Truth, which we do receive income from, we need to run both companies in the blue. In other words, under the terms of the constitution, we are not allowed to run them at a debt. For this reason, we cannot do things that we would like to do, that we do not have enough funds to do.

So we are limited to a degree by the amounts of funds that we have, in terms of what we can achieve; as a result of that there are limitations placed because of the lack of funds sometimes. There is a limitation placed on what we can achieve.

With regard to how we disperse our funds, I am willing to go through the accounts of how we disperse our funds in another question, and so please look for a question on the site, regarding how Divine Truth dispersed its funds during the last financial year.
