Responsibility Principles	
<b>Terms</b>	<p>Responsibility principles are will-based, and will be discussed in relation to self-aware beings with free will.                      The human soul (not the body or spirit body) is a self-aware being with the ability to express free will depending on development and as such is the highest creation.</p> <p><b>Energy</b> includes information, energy, emotion, thought, communication, relationship or interplay within or between <i>creation</i>  <b>Development</b> increases in quality and capacity as the human soul lives in more harmony with God's Principles, and decreases as the human soul lives in less harmony with God's Principles  <b>Power</b> of governance is the <i>energy</i> able to be expressed by the human soul which varies in quality and capacity in direct relationship to <i>development</i></p> <p><b>Nature</b> is each individual human soul's God given personality, attributes, characteristics, qualities, individuality, and primary fields of interest.  <b>Self-Responsibility</b> is the law based requirement of self-awareness, to seek truth, love and understanding of all principles of Love and law, and the loving ownership and expression of ones will, desire, passion, emotion, attitudes, intentions, thoughts and actions in harmony with God's Principles and laws.  <b>Role-Responsibility</b> is the assignment of specific roles of governance in God's Universe dependent upon <i>development, self-responsibility, and according to one's nature.</i></p>
<b>Summary</b>	<p><b>Responsibility principles:</b></p> <ul style="list-style-type: none"> <li>Force the human to be self-responsible</li> <li>Encourage the human to desire self-responsibility</li> <li>Allow God to reward true self-responsibility with role-responsibility (i.e. role-responsibility is a compensatory gift given to those with self-responsibility)</li> </ul>
<b>Definition</b> (What the principles are)	<p>The highest creation shall be a <i>self-responsible</i> being                      The law shall enforce <i>self-responsibility</i>                      The law shall reward <i>self-responsibility</i> with <i>role-responsibility</i> (i.e. <i>role-responsibility</i> is a compensatory gift given to those with <i>self-responsibility</i>)</p>

Responsibility Principles (cont'd)	
<b>Objectives</b> (Why the principles are applied to law)	The highest creation must be made responsible for the ownership and expression of its will, desire, passion, emotion, thoughts and actions To ensure highest creation is accountable To ensure anarchy is not possible for any creation To restrict the highest creation from irreversibly harming any creation To educate the highest creation that love is responsible and accountable To determine individuals who qualify for role-responsibility To reward self-responsible individuals with role-responsibility To ensure that an individual's <i>nature</i> is fully satisfied and experienced To form a foundation for God's highest principles that apply to the human soul such as Will, Desire, Compensation, Redemption and Transformation.
<b>Application</b> (The creation and laws affected)	All laws governing the human soul All laws governing the creations of the human soul A secondary affect on all laws and all creation
<b>Reveals</b> (What the principles reveal about God)	God feels Love always takes responsibility for creation God feels Love is always directly accountable for creation God is not reckless in creating the highest creation God has taken responsibility for His creation of the highest creation God wants the highest creation to enjoy its own nature God loves all creation enough to restrict the highest creation God loves rewarding those who act lovingly God feels joy comes from self-care
<b>Examples</b> (The principles' applications in law)	<b>Gravity &amp; aerodynamics</b> Soul responsibility is enforced upon any person who wilfully attempts to break the Law of gravity or aerodynamics by using the law to desire to, or actually, harm themselves or others through negligence or direct action. <b>Law of Cause &amp; Effect</b> Ensures individuals discover the relationship between what has happened (the effect) and what has caused the effect (the cause) so that individuals take full responsibility for their will, desire, passion, emotion, thoughts and actions. <b>Law of Compensation</b> Ensures individuals discover and receive the rewards for their own individual and collective responsible choices, and discover and receive the penalties for individual and collective irresponsible choices. <b>Law of Repentance</b> Ensures individuals become emotionally aware and emotionally repentant for each unloving choice and decision and become emotionally aware of his or her powerlessness to undo everything that has resulted from his or her unloving behaviour.
<b>Conclusion</b>	<b>Responsibility principles:</b> Responsibility principles ensure that God's highest creation is self-responsible, and is given role responsibilities in line with individuality and development. Scope, hierarchy, governance, responsibility and compensation form a foundation for principles that apply to the potentials of the human soul such as will, desire, redemption and transformation.

## Conclusion

**Humans frequently justify & minimize desires, attitudes, emotions, thoughts and actions that oppose responsibility principles including:**

Wanting to be saved (by God, Jesus, parents, friends, partners, others) from the results of my creations

Not taking responsibility for my emotions, desires, words or actions

Wanting power without responsibility or development

Wanting role-responsibility without self-responsibility

Placing people in positions of societal power (role responsibility) when they are not self responsible

Looking up to and seeking guidance, 'truth' and 'love' from people who are not self responsible (e.g. family, gurus, teachers, counsellors, etc)
